This is an erratum regarding the published article (*Int. J. Electrochem. Sci.*, 7 (2012) 6214), which has mistake at page 6217, 2nd paragraph, line 6.

On page 6217, 2nd paragraph, line 6, there is a statement of “The slope obtained is equal to the diffusion coefficient of the mediator”. We would like to correct it with “The diffusion coefficient of the mediator is able to be calculated from the slope” instead.
