Received: 10 October 2014 / *Accepted:* 11 October 2014 / *Published:* 28 October 2014

This is an erratum regarding the published article (*Int. J. Electrochem. Sci.*, 8 (2013) 10788), which has a mistake in the ACKNOWLEDGMENT part.

The acknowledgment was mistakenly mixed up with another paper that appeared in the same issue (i.e. [S. Ben Aoun, *Int. J. Electrochem. Sci.*, 8 (2013) 10454]) that was partially funded by the Deanship of Scientific Research, Taibah Univeristy (Project No. 658/432).

This was indeed not the case of the present paper, corrected by this erratum now, and we apologize for any inconvenience this may cause.

The correct paragraph is as follows:

ACKNOWLEDGMENT

S. Ben Aoun thanks Prof. M. Messali for providing the MS20 compound for testing.
